### MARKET IS QUIET; CHANGES SLIGHT

Strength in Steel Issues Influences Entire List Sympathetically.

### NO TRADING BY FOREIGNERS

Closing Marked by Uncertainty, and Prices Move Within Narrow Range.

New York, February 14.—The attendance in broker offices and on the exchange was light to-day, owing to the blizzard conditions that prevailed all day. No important speculative influence was forthcoming from Europe, where quiet week-end prices prevailed.

Americans were slightly changed in other direction abroad, and foreigners showed no disposition to trade in this market, but that is not unusual for a Saturday.

The market opened quiet and irregularly marked. Amalgamated Copper, Reading and New York Central were the only issues that showed any activity in the initial transactions, while Union Pacific, Southern Pacific and United States Steel were fractionally lower. The latter assumed prominence immediately after the opening, however, and moved up on active professional buying. The strength in the steel issues influenced the entire list sympathetically. Rock Island issues were about the only notable exception to recovery in the early trading.

The closing half of the session was marked by uncertainty, but prices moved within a narrow range. The changes were largely by the trading element. A short depression in Canadian Pacific and heaviness in Rock Island were the features.

New York, February 14.—The stock markets inertia to-day discouraged speculative efforts among favorite shares which scarcely varied through the session, but the low priced steel stocks, railway equipment issues and other specialties were easier to move. Various issues were put up a point or more. The early advance was all but cancelled by a subsequent reaction, and the day's changes, except in a few instances, were unimportant. Rock Island preferred again was under pressure, and touched a new low record at 10 1/2. New York Central moved up again, the new high of 14 1/2. Selling of this stock brought into circulation rumors concerning a possible cut in the dividend. Official denial of the rumors strengthened the stock.

The bond market was narrow and uncertain. Trading to-day was begun in the new Southern Pacific convertible, which brought 103 5/8. Total sales of bonds, par value, \$1,355,000. Panama 3s registered advanced 1-4, and the 3s coupon 1-2 on call on the week.

Total sales were 152,000 shares.

New York, February 14.—Money on call nominal to 100. Treasury bills, 60 days, 2 1/2%; 90 days, 2 3/4%; six months, 3%; 12 months, 3 1/2%. Sterling exchange, 100 shillings, 24 1/2. Gold exchange, 100 pounds, 154 1/2. Gold and silver, 100 dollars, 100. Government bonds steady; railroad bonds irregular.
